

VESCO.

The **Vesco** laundry chute system is made of stainless steel and is suitable for both detached family homes and blocks of flats. Vesco has a child-proof door with a turn lock and is fitted with a rubber lip seal, which prevents noise transmission. The door leaf is available in brushed or white stainless steel. **Vesco** is available with nominal diameters (ND) of 260 and 310 mm.

Advantage:

Thanks to its accuracy of fit and low weight, **Vesco** is easy and quick to use.
